Gayle Will Be There

CONGRESSMAN JUNE GAYLE, of this district, talks as follows to an interviewer on the subject of a renomination for Congress: "Yes, I see it published periodically that I have announced that I will not be a candidate for renomination, but these reports are printed so frequently that I deem it unnecessary to deny them. I said during my canvass for the nomination last fall that if certain gentlemen were candidates this time I should probably not be in the field. These gentlemen have not yet determined to make the race. In any event, if living, I shall be at the convention with the delegation from 'Sweet Owen' and have a finger in the fun."

SCIENTISTS affirm that the bubonic plague may be spread by means of germs carried on paper money. This need not deter any delinquent subscriber of THE NEWS from handing in the long green. Newspaper men are not immune but they are willing to take long chances to get hold of the greenbacks.

Pleurisy and pneumonia are frequently developed, in a very short space of time, from a common cold; and, if such an acute inflammation of the lungs is not promptly allayed, the worst may happen. With the aid of Dr. Bull's Cough Syrup, however, you need not have any fear; for this great remedy speedily subdues the inflammation, eases the pain in breathing and always effects a cure in a wonderfully short time.
